# The ee sound

Different letter sets can make the same sound. The letters ee and ea can make the same sound. The spelling is different but the sound is the same – meet sounds like meat. Read these ee words out loud.

feet    see    sheep    been    three  
feel    sweet    seed    sleep    tree

Write ee words to match the pictures.

3

Now write these sentences.

Count sheep if you cannot sleep.  
One, two, three.

Read these ea words out loud.

meat    neat    seat    seal    real  
cream    team    bead    heat    bean

Write ea words to match these pictures.

Read the passage. Then answer each question.

## ALL ABOUT BEARS

There are many kinds of bears. Some bears live in warm places, like sun bears. Some bears live in cold places, like polar bears. Bears are different colors, too. They can be white, brown, or black. Some bears eat plants. Some bears eat animals.

Bears have long snouts, or noses. They have claws and fur, too. Baby bears are called cubs.

When it gets cold, bears sleep in dens for the winter. Dens can be in trees or caves. When they are sleeping all winter, it is called hibernating. Bears do not eat when they are hibernating.

### Answer each question:

1. Do all bears live in warm places?
2. How are sun bears and polar bears different?
3. What does hibernating mean? Highlight the words that helped you.
4. What is a baby bear called?
